### SUMMARY

As a MERN Stack Developer, I am passionate about building user-centric applications that enhance lives and drive development. I prioritize efficiency, ensuring every product delivers real value to users. My journey has equipped me with the skills to tackle complex challenges, blending technical expertise with problem-solving to create impactful and scalable solutions.

### EXPERIENCE

- Intern at Technobite (Startup Bangalore)** 2025 - PRESENT  
Freelance App Developer
  - During my freelance work at a startup, I developed product-based applications, gaining hands-on experience in building scalable solutions.
  - I understood the importance of Scrum calls, improving my ability to collaborate efficiently in an agile environment.
  - Working alongside professionals helped me enhance my skills, translating them into productive and impactful outcomes.
